### 1 GERSHOW RECYCLING

Multiple locations. [www.gershow.com](http://www.gershow.com)  
Gershow Recycling and its founder Sam Gershowitz have been dedicated to “conserving the future by recycling the past.” In 1964, Gershowitz wanted to make a difference and reduce Long Island’s growing waste and pollution problems. Gershow now recycles metal from cars with state-of-the-art compressing equipment.
