Hauppauge firefighters are grateful to Gershow to give them the change to practice recycling for a greater cause.

[Hauppauge \(http://hauppauge.patch.com/listings/hauppauge-fire-department\)](http://hauppauge.patch.com/listings/hauppauge-fire-department) **Fire Department** (<http://hauppauge.patch.com/listings/hauppauge-fire-department>) received two donated vehicles from Gershow Recycling, with nearby locations in Huntington and Medford, to use in practicing extrication exercises on March 16.

The exercises allow the volunteer firefighters to practice extricating a victim from a car that has been damaged or pinned during a crash using the Jaws of Life. This scenario mimics a technique often used in serious accidents.

In the above picture, Hauppauge firefighters displayed their thanks for Gershow Recycling.
